

SKF

# SKF Inch Linear Bushing Series

# SKF Inch Linear Bushing Series

SKF®, the worlds leading supplier of ball and roller bearings, is also a major player in the worldwide linear motion market. We offer a complete range of linear motion products that includes ball and roller screws, linear actuators, profile rails (square rail) and precision rail products. In addition, we offer a complete line of metric and inch linear ball bearings and shafting.

The following information highlights SKF's new line of Inch Series Linear Ball Bearings and Housings. Our goal is to offer the market a full line of high-quality linear motion products so that SKF will be the primary source for solutions to all of your linear motion needs.

If you have any questions or comments, please call our toll free number at 1 (800) 541-3624. Our engineers will be happy to assist you with any of your technical questions or provide immediate interchanges. In addition, our customer service department is ready to help you with any questions concerning price and delivery.
